

Product Change Notification (PCN)

PCN #: 10C-2025

Date: October 28th, 2025

1 Products Affected

| Ezurio Part Number | Revision Previous | Current Revision | Description |
|--------------------|-------------------|------------------|---|
| 450-00107-K2 | 7 | 8 | Kit, Sentrius RG191 Gateway, LTE, CAT-1, NA |
| 450-00109-K2 | 3 | 4 | Kit, Sentrius RG191 Gateway, LTE, CAT-1, NA, IP67 |

| Included Sentrius Gateway | | Associated Kit | |
|---------------------------|---|----------------|--|
| 450-00107 | 8 | 9 | LTE Gateway, Sentrius, 915 MHz (used in 450-00107-K2) |
| 450-00109 | 8 | 9 | IP67 LTE Gateway, Sentrius, 915 MHz (used in 450-00109-K2) |

These top-level orderable part numbers include various accessories and packaging, as well as the main Sentrius LoRa Gateway. All changes implemented in these kits have been associated with the LoRa Gateway itself and the table “**Included Sentrius Gateway**” above shows the correlation between the included gateway and associated kits.

2 Description of Changes

The company name has been officially changed from Laird Connectivity to Ezurio. As a result, all product PCB Silkscreen labeling and packaging that previously displayed the Laird Connectivity logo will now feature the updated Ezurio logo. This change includes, but is not limited to:

- Product labels
- Product packaging

In addition, units will ship with **Firmware Release GA 8 – FW v12.178.0.18** and release notes located at the below link:

[GA8 FW Release Note v12.178.0.18](#)

3 Reason for Change

This change is being implemented because the company name has been officially changed from Laird Connectivity to Ezurio and to incorporate the major GA 8 FW update.

4 Anticipated Impact of the Change

Software Bug Fixes from Release Notes.

5 Method of Identifying the Changed Product

5.1 Top Level Part Number Changes (Packaged Kits)

Revision changes are available as a revision number printed on kit content label for all kits. The specific kit part number and revision are printed on the label within red square area, highlighted below.

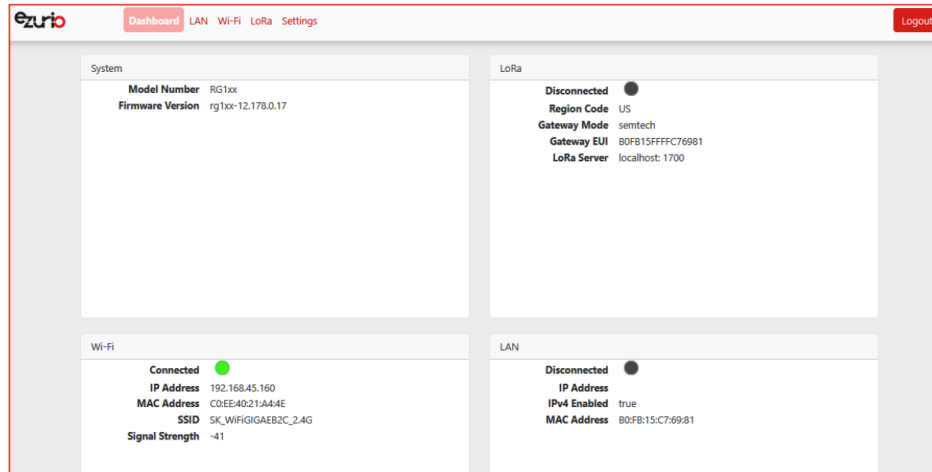

5.2 Gateway / Assembly Changes

The labelling changes for all Gateways – revision changes are available as a revision number printed by barcode and within barcode for all gateway back labels.

5.3 Gateway Website GUI

The gateway's website GUI has been rebranded and color schemed to fit Ezurio.

6 Factory Effectivity Date

This will be a running change – New revision product should start shipping January 2026
