Subject: Declaration of Continued Compliance with ICES-003 through Issue 6 to Issue 7.

To whom it may concern:

We, Ezurio LLC (formerly known as Laird Connectivity LLC) have examined and evaluated the ISED Test Reports associated with the following product with respect to the changes in ICES-003 from Issue 6 to Issue 7. These test reports and certificates were produced when ICES-003 Issue 6 was in force (prior to the end of the transition period which was October 15, 2021).

Model / Marketing Name: Sterling LWB5+
Model Numbers: 453-00045, 453-00046, 453-00047, 453-00048, 453-00049.
HVIN: Sterling LWB5+

The original certifications listed in REL prior to October 15, 2021 will remain valid and compliant with ICES-0003, Issues 6 and will have continued compliance with ICES-003, Issue 7 by individual inspection. The inspection criteria are based on the changes made between the two Issue versions [1]:

2. Added requirements for devices with wireless power transfer functionality (section 1.3)

Inspection Result (2): This product does support wireless power transfer functionality. **[Outcome: No technical compliance impact].**

4. Removed the alternative limits (ICES-003 now has only one set of limits), while continuing to allow either the CISPR or ANSI test methods (section 3)

Inspection Result (4-1): This product was tested to the same exact test limits as presented in Table 1: Conducted Emission limits in ICES-003 Issue 7 during its RSS-247 evaluation. **[Outcome: No technical compliance impact].**

Inspection Result (4-2): This product was tested to the same exact test or more stringent limits as presented in Table 2: Radiated Emission limits in ICES-003 Issue 7 during its RSS-247 evaluation. **[Outcome: No technical compliance impact].**

Ezurio is committed to maintaining compliance with ICES-003, in accordance with ISED requirements. The Regulatory Information Guide will be revised to document compliance with the most current requirements. Test Reports and Certificates will be updated as needed.

Please feel free to contact us for any additional information.

A handwritten signature in dark ink, appearing to read "Brian Petted", is written over a horizontal line.
