SDC-PC2CF10	PCMCIA adapter for CF10G module
SDC-PC2CF20	PCMCIA adapter for CF20G card
SDC-PC20G	20 Series PCMCIA card

To our Valued Customers:

Laird Technologies is officially announcing the end of production for the above Summit Data Communications products. Due to supplier issues of critical components, Laird Technologies will no longer be able to produce these products.

Laird Technologies is pleased to offer a last-time buy opportunity to customers for the above modules. The last time buy purchase order must be placed by June 1st, 2014. Shipments of the last time buy purchase order can be spread over the remainder of 2014. Last time buy purchase orders are non-cancellable, non-returnable (NCNR) and all units must be accepted by December 31st, 2014. Due to limited availability of critical components, Laird cannot guarantee all last time buy purchase orders will be accepted.

We apologize for any inconvenience that this may cause you and would be happy to discuss other options with you including replacement products which may meet your needs.

If you have any questions, please call your normal sales representative or one of our regional contact numbers below.

Sincerely,

Chris Downey
